

# Changes in Self Service

Oracle has delivered a new look and feel with its newest Campus Solutions version 9.2. You will navigate through the database slightly differently and you will get used to terminology like Homepages, Tiles, Navigation Bar, Navigation Collections, etc.

## Logging In

Log into your Campus Solutions PeopleSoft account by navigating to AccessUH (<https://accessuh.uh.edu/login.php>). You will then select the myUH Self Service icon.

The screenshot displays the AccessUH login interface. At the top, the 'AccessUH' header is followed by a 'List of Services' link. Below this, there are two login tabs: 'CougarNet Login' and 'myUH (PeopleSoft) Login'. The 'CougarNet Login' tab is active, showing fields for 'CougarNet ID' and 'CougarNet Password', with links for 'Don't know your CougarNet ID?' and 'Change/Reset your CougarNet Password'. A 'Login to AccessUH' button is positioned below these fields. To the right of the login area is a 'Help' section with links for 'AccessUH FAQs', 'Change/Reset CougarNet Password', 'Reset myUH Password', 'Chat with IT Support', and a phone number 'Call 713-743-1411'.

Below the login section is a 'University Services' grid containing 16 tiles. The tiles are arranged in four rows and four columns. The first row includes 'CASA', 'CougarCard', 'FIX-IT', and 'COURSE EVALUATION'. The second row includes 'GET INVOLVED', 'Office 365', 'PEAR Student', and 'REGISTER MY WIFI DEVICES'. The third row includes 'Skillport', 'Software Download', 'T.A.P. Employee Online Training', and 'UIT Network Test'. The fourth row includes 'myParking Account' and 'myUH Self Service', which is highlighted with a red border.

University Services			
 CASA	 CougarCard	 Facility Request Self-Service	 Faculty/Course Evaluation
 Get Involved	 Office 365	 PEAR Student	 Register My WiFi Device
 Skillport	 Software Download	 T.A.P. Employee Online Training	 UIT Network Test
 myParking Account	 myUH Self Service		

## Fluid and Classic User Interface

The biggest change in PeopleSoft is the User Interface. The Classic User Interface used in PeopleSoft 9.0 was known as PIA (PeopleSoft Internet Architecture). PeopleSoft Fluid User Interface, which was designed to be used on mobile devices, can also be used on a laptop and desktop. The Fluid User Interface is more than a mobile platform; it is responsive and recognizes the device form factor being used and adapts the layout to optimize the user's experience.

### 9.0 Classic User Interface

**Maintenance Notice**  
Due to high user volume, you may experience slowness, lack of ability to login or being kicked out of the system. Administrators are working on a solution.

**Learner Services**

<b>Student Center</b> Use the student center to manage school related activities.	<b>Campus Personal Information</b> Maintain your personal information and review holds and to dos pending to your record.	<b>Student Admission</b> Check your application status, pay your application fee and register for your New Student Conference.
<b>Password Reset</b> Reset your system password	<b>Setup Security Questions</b> Setup security questions used for password reset	
<b>Academic Records</b> View grades and advisors and request transcripts and verification reports.	<b>Make a Payment</b> Make a credit card or eCheck payment toward your account.	<b>Apply for Graduation</b> Apply for Graduation.
<b>Enrollment</b> View appointments, plan and enroll in classes, view student and exam schedules.	<b>Financial Aid</b> Apply for financial aid, view to-do list, and accept or decline your financial aid award.	<b>Student Financials</b> Select parking/alumni fees, view your account, select a payment plan, make a payment, and get your 1098T.
<b>Transfer Credit</b> View your transfer credit report.	<b>Advising</b> See information about academic advisors, and to schedule an appointment with your major advisor.	<b>UH in 4 Graduation Plan</b> Eligible Incoming Freshmen view and select UH in 4 Freshman Graduation Plan
<b>UH in 4 Fixed Rate Tuition Plan</b> Eligible incoming Freshmen and Transfer students view and select Fixed Rate Tuition Plan

## Common Elements Used with PeopleSoft Fluid User Interface

A standard banner appears at the top of every Fluid page. The banner includes the page title and these standard buttons:

(Home)

Select to return to the main PeopleSoft Homepage

(Notifications)

Select to view actions and alerts in a notifications window. \*This functionality is currently disabled.

(Actions List)

Select to see a list of available actions for the current window. The Sign Out command is always available under this menu; as well as Personalize Homepage, My Preferences, and Help

## My Preferences

Takes you to the My Preferences interface, where you can modify settings that control a variety of options in the interface based on your preferences.

The screenshot shows a web interface titled "Campus Preferences" with a green "Save" button in the top right corner. Below the title is a section labeled "Defaults" with a downward arrow. Under "Defaults", there are four dropdown menus: "Institution" set to "University of Houston", "Career" set to "Undergraduate", "Term" (empty), and "Aid Year" (empty). Each dropdown menu has a small downward arrow on its right side.

The My Preferences tile (that can be added to a user's homepage) allows access to the Campus Preferences page where users can define default values that assist user navigation, reduce repetitive data entry, and streamline the completion of transactions. Users can set preference values for:

- Institution: Default value for users associated with more than one institution.
- Career: Default value for users with more than one career.
- Term: Depending on the values of the Institution and Career, the default value for use in Student Records.
- Aid Year: Default value for use in Financial Aid.

## Homepages and Tiles

A Fluid homepage organizes navigation in an easy, familiar way for the user to access key parts of the PeopleSoft system.

**Homepages** are role-based and can be assigned to students, applicants, alumni, or specific administrative roles. Users can have multiple homepages. While users can personalize and even create their own homepages, you can configure restrictions and security for homepages based on your needs. Homepages also offer users notification and navigational features such as Tiles and a NavBar.

**Tiles** on homepages are navigation points to Campus Solutions Fluid transaction pages. For example, selecting the Profile tile on the Student Homepage opens a landing page that provides users with a number of informational and transactional links. Tiles can be designed to display relevant and timely information to your users.

Although the Fluid User Interface is being represented by tiles, you should still be able to access your information in the same groups, with a few exceptions.
